Updates to Hospital Chaplains—As of April 8, 2025, the Sask. Health Authority is now asking patients at Admission if they would like a Spiritual Care Visit during their hospital stay in the General or Pasqua Hospital; they will collect the patient's faith information and notify the chaplains that you are in the hospital. This information is not stored at the hospital upon discharge, so you will need to provide the information for additional hospitalizations. If you end up in the hospital by the emergency room, you will not be asked this question. If you would like to have a visit, you or a family member can use the contact information (p.4) to speak with a hospital chaplain. If you would like a visit from your parish priest, you will need to notify the chaplain or the parish to let them know that you are in the hospital.
